

## DREAM DESTINATION SERIES

# Puerto Rico

The kids are grown. Your time is finally yours again. Whether you're planning a romantic escape or inviting the family along for a memorable multigenerational trip, Puerto Rico offers the perfect blend of romance, culture, and connection all without needing a passport.

From quiet mornings on the beach to lively music-filled evenings in Old San Juan, Puerto Rico helps you reconnect with your partner — and those you love — through shared adventures, natural beauty, and relaxed island living.

Why Puerto Rico Is Perfect for Empty Nesters (and the Whole Family). No passport is needed for U.S. citizens. Puerto Rico has a rich culture, music, and food scene with gorgeous beaches for relaxing or playing. Stroll hand in hand through Old San Juan: Cobblestone streets, colorful buildings, historic forts, and hidden cafés create the perfect backdrop. Enjoy Couples spa treatments in the rainforest or by the beach. Hike El Yunque National Forest, ending with a waterfall swim or enjoy nighttime kayaking in a bioluminescent bay which is magical and unforgettable.

Puerto Rico is ideal for multigenerational travel fun for the kids, easy for grandparents, and relaxing for everyone. Spend the day at Luquillo Beach, with food kiosks and calm surf for little ones (but mind the cobblestones). Go paddle boarding or snorkeling in Culebra or Vieques (via ferry or short flight). Explore Castillo San Felipe del Morro — kids love running the grassy fields, and adults enjoy the views and history. Share a family-style dinner of mofongo, arroz con gandules, and fresh seafood. Stay in a private villa with space for everyone, or book interconnected suites at a beach resort

The best part of this chapter in life? You get to write the rules. Puerto Rico offers the freedom, flavor, and warmth to enjoy life at your own pace — whether you're relaxing as a couple or laughing with your grandkids under the Caribbean sun. Regardless of how you choose to spend your vacation, make sure to contact Harp Travel Co. to help make your trip to Puerto Rico one that you will remember for years to come.
